BEFORE
THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 96-226-C - ORDER NO. 96-878
DECEMBER 27, 1996

IN RE: Application of SETEL, L.L.C. (formerly) ORDER
Southeastern Network Services,) APPROVING
L.L.C.) for a Certificate to Operate as a) CERTIFICATE
Reseller of Telecommunications Services)
within the State of South Carolina.)

This matter comes before the Public Service Commission of South Carolina (the "Commission") by way of the Application of SETEL, L.L.C. ("SETEL" or the "Company") requesting a Certificate of Public Convenience and Necessity authorizing it to operate as a reseller of intrastate interexchange telecommunications services in the State of South Carolina. The Company's Application was filed pursuant to S.C. Code Ann. §58-9-280 (Supp. 1995) and the Regulations of the Public Service Commission of South Carolina.

The Commission's Executive Director instructed SETEL to publish, one time, a prepared Notice of Filing in newspapers of general circulation in the affected areas. The purpose of the Notice of Filing was to inform interested parties of SETEL's Application and of the manner and time in which to file the appropriate pleadings for participation in the proceeding. SETEL complied with this instruction and provided the Commission with proof of publication of the Notice of Filing. No Petitions to Intervene or protests were received by the Commission regarding

SETEL's Application.

A hearing was commenced on December 11, 1996, at 11:30 a.m., in the Commission's Hearing Room. The Honorable Guy Butler, Chairman, presided. SETEL was represented by Frank R. Ellerbe, III, Esquire. F. David Butler, General Counsel, represented the Commission Staff.

James Casteel, General Manager for SETEL, appeared and offered testimony in support of SETEL's Application. Mr. Casteel stated that SETEL is a limited liability corporation which formed under the laws of the State of Tennessee, has been granted a certificate of authority to do business in South Carolina as a foreign limited liability corporation. According to Mr. Casteel, SETEL proposes to offer long distance services using resold transmission services of carriers certificated to carry traffic in South Carolina. Mr. Casteel explained the Company's request for authority to provide interexchange telecommunications services in South Carolina as a reseller. The record reveals the Company's services, operations and marketing procedures. SETEL offers as part of its services pre-paid calling cards (debit cards).

Mr. Casteel also explained that SETEL possesses the technical, financial and managerial abilities to provide its services in South Carolina. Mr. Casteel further testified that the Company would make certain changes to its proposed tariff to comply with Commission guidelines and prior Orders.

After full consideration of the applicable law, the Company's Application, and the evidence presented at the hearing, the

Commission hereby issues its findings of fact and conclusions of law:

FINDINGS OF FACT

1. SETEL is incorporated as a limited liability corporation under the laws of the State of Tennessee and has been granted authorization to do business as a foreign limited liability corporation in the State of South Carolina by the Secretary of State.

2. SETEL operates as a non-facilities based reseller of interexchange services and wishes to provide its services in South Carolina.

3. SETEL has the experience, capability, and financial resources to provide the services as described in its Application.

4. SETEL was formerly known as Southeastern Network Services, L.L.C., but now wishes to use the name of SETEL, L.L.C.

CONCLUSIONS OF LAW

1. Based on the above findings of fact, the Commission determines that a Certificate of Public Convenience and Necessity should be granted to SETEL to provide intrastate interLATA service and to originate and terminate toll traffic within the same LATA, as set forth herein, through the resale of intrastate Wide Area Telecommunications Services (WATS), Message Telecommunications Service (MTS), Foreign Exchange Service, Private Line Service, or any other services authorized for resale by tariffs of carriers approved by the Commission.

2. The Commission adopts a rate design for SETEL for its

resale services which includes only maximum rate levels for each tariff charge. A rate structure incorporating maximum rate levels with the flexibility for adjustment below the maximum rate levels has been previously adopted by the Commission. In Re: Application of GTE Sprint Communications Corporation, etc., Order No. 84-622, issued in Docket No. 84-10-C (August 2, 1984).

3. SETEL shall not adjust its rates below the approved maximum level without notice to the Commission and to the public. SETEL shall file its proposed rate changes, publish its notice of such changes, and file affidavits of publication with the Commission two weeks prior to the effective date of the changes. However, the public notice requirement is waived, and therefore not required, for reductions below the maximum cap in instances which do not affect the general body of subscribers or do not constitute a general rate reduction. In Re: Application of GTE Sprint Communications, etc., Order No. 93-638, issued in Docket No. 84-10-C (July 16, 1993). Any proposed increase in the maximum rate level reflected in the tariff which would be applicable to the general body of the Company's subscribers shall constitute a general ratemaking proceeding and will be treated in accordance with the notice and hearing provisions of S.C. Code Ann. §58-9-540 (Supp. 1995).

4. SETEL shall file its revised maximum tariff and an accompanying price list within thirty (30) days of the date of receipt of this Order. The revised tariff shall be consistent with the findings of this Order and shall be consistent with the

Commission's Rules and Regulations.

5. SETEL is subject to access charges pursuant to Commission Order No. 86-584, in which the Commission determined that for access purposes resellers should be treated similarly to facilities-based interexchange carriers.

6. With regard to the Company's resale of service (except for debit card services), an end-user should be able to access another interexchange carrier or operator service provider if the end-user so desires.

7. SETEL shall resell the services of only those interexchange carriers or LECs authorized to do business in South Carolina by this Commission. If SETEL changes underlying carriers, it shall notify the Commission in writing.

8. With regard to the origination and termination of toll calls within the same LATA, SETEL shall comply with the terms of Order No. 93-462, Order Approving Stipulation and Agreement, in Docket Nos. 92-182-C, 92-183-C, and 92-200-C (June 3, 1993).

9. SETEL shall file surveillance reports on a calendar or fiscal year basis with the Commission as required by Order No. 88-178 in Docket No. 87-483-C. The proper form for these reports is indicated on Attachment A.

10. The Company shall, in compliance with Commission regulations, designate and maintain an authorized utility representative who is prepared to discuss, on a regulatory level, customer relation (complaint) matters, engineering operations, tests and repairs. In addition, the Company shall provide to the

Commission in writing the name of the authorized representative to be contacted in connection with general management duties as well as emergencies which occur during non-office hours. SETEL shall file the names, addresses and telephone numbers of these representatives with the Commission within thirty (30) days of receipt of this Order. Further, the Company shall promptly notify the Commission in writing if the representatives are replaced, and the Company is directed to comply with the Commission regulations unless waived by the Commission.

11. With regard to SETEL's debit card offerings, the Commission requires, as a condition of offering debit card services in South Carolina, the Company to post with the Commission a bond in the form of a Certificate of Deposit worth \$5,000 drawn in the name of the Public Service Commission of South Carolina or a surety bond in the amount of \$5,000. The Certificate of Deposit shall be drawn on federal or state chartered banks or savings and loan associations which maintain an office in this state and whose accounts are insured by either the FDIC or the Federal Savings and Loan Insurance Corporation. A surety bond shall be issued by a duly licensed bonding or insurance company authorized to do business in South Carolina. The bond shall be posted prior to offering prepaid calling card services in South Carolina. This condition may be reviewed in one year from the date of posting the bond, and on an annual basis thereafter.

12. If the Company sells its debit cards to retail establishments for resale of the debit cards, and the retailer of

the debit cards deviates from the suggested retail price as filed in the tariff, or as approved by the Commission in a special promotion, then the Company will withdraw its cards from that retail outlet. This Commission strongly suggests that the Company enter into written agreements with its South Carolina retail outlets regarding this policy of abiding by suggested retail pricing prior to the outlet marketing the card.

13. The name SETEL, L.L.C. is hereby approved in place of the name Southeastern Network Services, L.L.C.

14. That this Order shall remain in full force and effect until further Order of the Commission.

BY ORDER OF THE COMMISSION:
